

# Hypomania and financial decisions

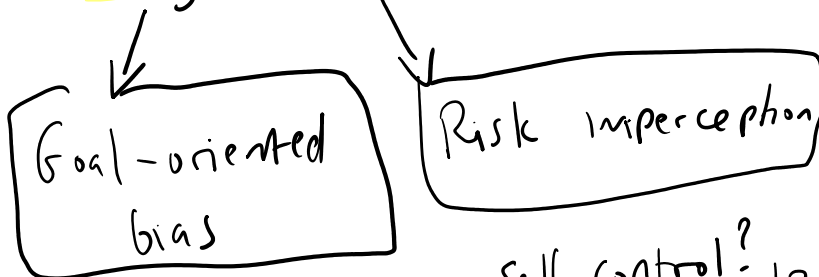

11 February 2023 14:55

Mental health & findec

↳ Consequences of poverty/scarcity

↳ Effects of symptomatology

↳ Hypomania

• Covariates? → self control?  
→ other clinical?

- Measures in addition to behaviour?
- Identifying the process?
- What is the best measure of behaviour?

• Neuro measures  
• Attentional measures

Steps:

- Scoping review to identify focus
- Systematic review of lit
- Outline RQ
- Decide hypothesis
- Decide methodology.
- Pilot / test with UG students?
- Run study.

- I need to do a scoping review for the UG students. — Build a book of lit.
- I need to id RQs?
